**Support Munir Malik for re-election to London Regional Executive Committee of the Labour Party, representing all CLPs in the Boroughs of Greenwich, Lewisham, Bexley and Bromley, which together make Section 4 of the Board.**

I love the cosmopolitan nature of London and have lived here for the last 56 years, with African birth and Asian heritage, I reflect our City's diversity. **I have been a community activist, with an internationalist perspective, for many years, playing a significant role in campaigning against apartheid and racism,** against austerity, against homelessness, for full-employment and for a fully-funded NHS and local government.

Despite losing some elections, we have the political ideology and strategy to win and to deliver on people's needs. The pandemic has shown the value of our key-workers and the NHS. We have our communities, affiliated trade-unions, the co-operative and solidarity movements to make a direct link with most of our electors.

I have lived in Welling, Bexley for over 20 years, where my youngest daughter was born in Queen Mary's Hospital, went to local state schools and is at university in London. Before then I lived in Beckenham, Bromley for some 8 years, where I joined the Labour and Co-operative Parties. I have been a European Parliamentary candidate three times, twice in London. I have served as a councillor for eight years representing both Erith and Thamesmead East wards. Through my working life, I have also always been a trade-unionist and now belong to Unite Community and GMB. Whilst working in local government, I was a member of Unison. I am also a member of Socialist Health Association.

Support me for the Regional Executive Committee and I will continue to campaign for us, as a party, to work with all our communities through our many members, community activists, councillors, assembly members and parliamentarians. **I have served on many Appeal Panels to ensure that we remain an inclusive and united party, where every member's democratic rights are defended,** where there is no room for factionalism and develop a culture of unity and mutual respect. We must mobilise London against the Tories by working hard in every ward, electing many more councillors, MPs and ultimately having a socialist Labour Prime Minister.
